**Dear Subscribers,**

**We are coming to you quite a bit earlier than usual to notify you we will be out today, returning to the office Tuesday morning. That said, all remains much the same as observed in last Friday's "US Employment, Trade Risks, Extended Market Take Repeat" note.**

**There was also a technical problem over the week that has delayed the posting of this week's Report & Event Calendar until tomorrow. Thanks for your patience on that, even as we note the global economic data was a bit stronger than expected for a change into a day with no significant US economic releases. Even so, as noted previous the more important macro influences on US EQUITIES and other markets are still current trade developments.**
